Directory Accuracy

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred. If your listing is incorrect or omitted from this directory, please contact your Russellville Telephone Service office.

WHO IS CONTEL?

Contel is the nation's tenth largest telephone company. Since the company was founded in 1961, we've expanded from serving a single community with 2,700 customers to serving more than two million customers in 32 states. Most of the communities we serve have populations of less than 1,000.

Contel is more than just a telephone company. We're part of a larger telecommunications corporation, Continental Telecom Inc.

This "parent" company is involved in a full range of telecommunication activities, including computers, engineering, software, and satellites.

With Contel's diversity, you could say we're a small town company with worldwide connections.

But Contel has never forgotten its beginnings. We realize providing telephone service is the most important part of our business and it's this attitude that drives us to invest millions of dollars in equipment upgrades every year.

By upgrading our central office equipment, we can offer our customers the latest in telecommunications technology. Electronic Tele-Services such as Touchtone, Call Waiting, Call Forwarding, Three Way Calling, & Speed Calling are now being offered in many areas.

CUSTOMER COMPLAINT PROCEDURE

Our policy is to provide service that will be satisfactory to all of our customers. We realize that sometimes there may be a misunderstanding, even though we do our best to avoid them.

If you have a problem that is not resolved or promptly corrected, call or visit your Service Representative at the Local Business Office telephone number or address listed on page 3. If you are not completely satisfied with your Representative's answers or actions, ask to speak to our Customer Service Manager (Toll Free) 968-0115. Continental Telephone is regulated by the Arkansas Public Service Commission and you can make an informal complaint in writing or by telephone or personal appearance to the Commission without legal assistance. The Commission office is located at 100 Center St., Little Rock, Arkansas 72201 and their toll free number is 800-482-1164. Mailing address is: P.O. Box C-400, Zip 72203.

DOING BUSINESS WITH CONTEL

ESTABLISHING SERVICE

Call Your Service Office

To establish telephone service in your home or business, or to change your existing service, call your service office listed in the front of this directory.

Representatives can help with orders for service, billing matters, rates and inquiries or complaints (other than repair).

Connecting Your Own Telephones

Almost all telephones on the market today will work on any telephone system. If you are a party-line customer or are considering a push button phone, you may want to call our service office before purchasing a telephone to ensure it will work.

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

Instructions are available for connecting telephones and you will save the cost of paying the telephone company to do this for you.

The equipment must be approved by the FCC and you are responsible for the proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

Information Needed For Placing Your Order

When establishing new service, you will need to provide the following information.

1. How you would like your listing to appear in the directory.
2. Your complete address.
3. The type of phone service desired.
4. Any telephone instruments or systems you own which will be connected to the telephone lines.
5. Information about previous telephone service.
6. Other information, including employment, for establishment of credit.

For changes or additions to existing service, you will need to provide:

1. Your name and telephone number.
2. Telephone service change desired.

Deposits

If you are a new customer to the Contel system, you may be asked to make a deposit before you receive telephone service. Your payment record will be reviewed after you've had service for a period of time. If you've been paying your telephone bills on time, we'll automatically credit your account or return your deposit. In either case, interest will be applied.

Telephone Number Changes

Telephone numbers are the property of the telephone company. Contel reserves the right to change any telephone number at any time.

Directory Listings

You may choose the type of listing you would like to have in the telephone directory. Instead of the usual listing under one name, you may request "additional listing" service.

Two people with different last names using the same telephone number can have two separate listings ("additional listing") in the directory for a monthly fee.

Your service office representative will be glad to discuss these services and their costs with you.

Planning To Build?

If you are planning to build a home, a building or to develop a subdivision, please contact your local service office listed in the front of this directory.

We will be happy to assist you in planning your telephone service needs. We also can help wire your building so telephone wires are not exposed.

It is important to contact the telephone company before interior walls are constructed to aid in wiring the building.

Call Before You Dig

Telephone service is provided throughout Continental Telephone's operating area utilizing cable buried in the ground. When these cables are accidentally cut, many customers may be without telephone service for long periods of time while they are being repaired.

Before excavating or digging, contact Continental Telephone for information on the location of buried cable. Dial **1 + 968-8111** (Toll Free).

DOING BUSINESS WITH CONTEL

Is The Trouble With Your Telephone Set Or The Local Network?

"Plug-in" telephones are easy to check. If you have more than one phone, unplug the one from which you noticed the problem. Then plug another phone into the same outlet to see if the problem still exists. If it does not, the problem is probably with the first phone. To get service, follow the instructions on the warranty or contact the supplier of that telephone set.

If the problem does not appear to be in the telephone set, call Repair Service at 968-8111.

A Maintenance Service Charge May Apply

If Contel makes a repair service visit and finds that the problem is caused by the telephone equipment in your home or business and not by Contel facilities, a charge will apply and the equipment will not be repaired.

Charges To Install And Change Your Service

There is a one-time charge to install or change your service. This may vary, depending on the type of work that is done.

Contact your Business Office for additional information regarding the charges which would apply to your situation.

Repair Service

Continental Telephone is responsible for providing access (dial tone lines) from your home or business to the local telephone network. If you are having local network problems, such as no dial tone on all your phones, call Continental's Repair Service (see page 3).

If the problem is caused by the telephone set or other type of telephone equipment, follow the instructions on the warranty or contact the equipment supplier. This applies to all residence and some business customers.

Customers with telephone equipment for which you paid a monthly fee to Continental, please call the following numbers for repair of that equipment:

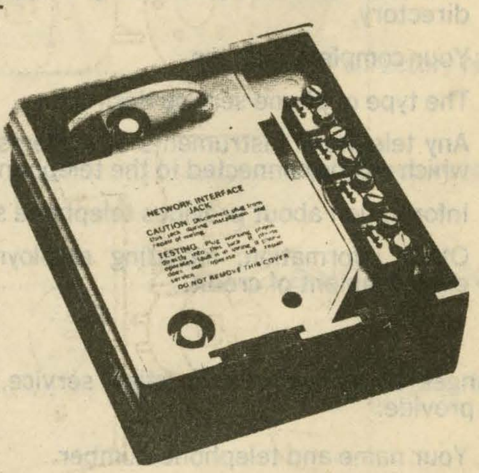
- For Residence Accounts
  Call 968-8111
- For Business Accounts
  Call 968-8111

TELEPHONE NETWORK INTERFACE DEMARCATION BETWEEN TELEPHONE COMPANY AND CUSTOMER OWNED INSIDE WIRE.

This device is the Test Point designed for isolation of trouble between the Telephone Company line and/or wiring.

Caution: Disconnect plug from this jack during installation and repair of wiring.

Testing: Plug working phone directly into this jack. If phone operates, fault is in wiring. If phone does not operate, contact Repair Service.



How to connect or disconnect your phones

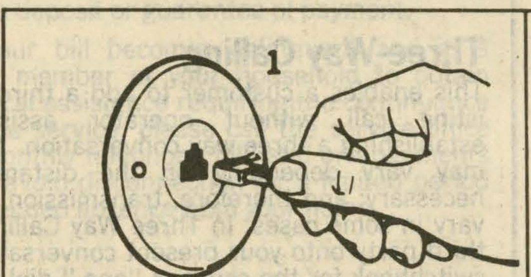
These drawings show you how to install or disconnect your telephones.

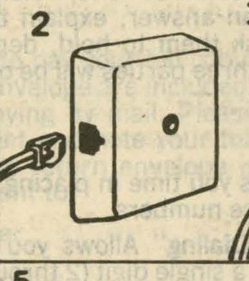
Drawings one through four show standard wall sockets, or jacks, for modular telephone cords. To install your phone, match the plug at the end of the cord with the jack, and insert. To disconnect your phone, squeeze the clip on the plug and pull it out of the jack.

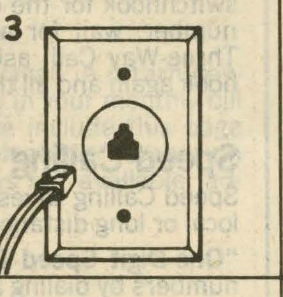
Drawings five and six show different kinds of jacks, called non-standard jacks. A special converter can be provided to permanently change the non-standard jacks into modular outlets to use with your modular cord. Plug the converter into the jacks, then plug the cord into the converter.

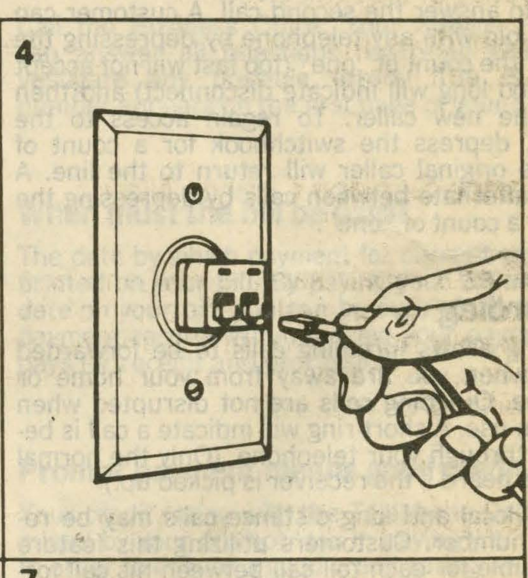
A jack for a wallmounted telephone is shown in drawing seven. To connect your wall phone, match the holes in the back of the phone with the rivets on the wall mounting. Push the phone lightly against the mounting and slide it down into place. To disconnect, slide the phone up to lift it off the rivets, then pull it away from the wall.

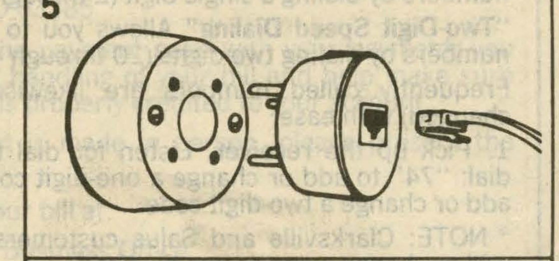
If your house or apartment has "hard-wired" telephone outlets, you may be able to save time and money on installation by changing them to modular "plug-in" outlets yourself with a modular jack converter, drawing eight. Modular outlets let you plug in or move your own telephones. For more information, call your service representative.

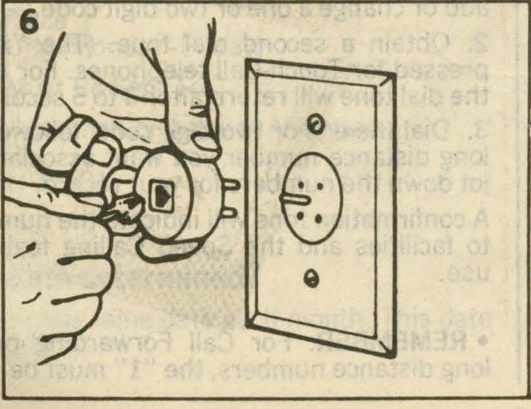


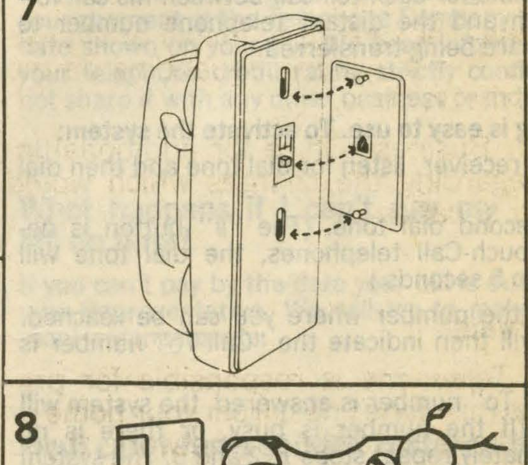


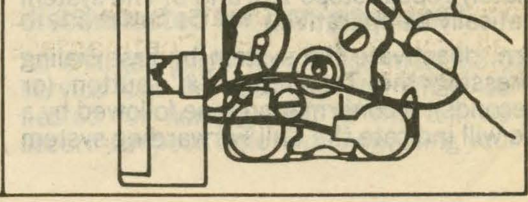












CUSTOM CALLING SERVICES—FOR:

Atkins, Clarksville, Dardanelle, Dover, Hector, London, Pottsville, Russellville and Salus customers.

Custom Calling Services are offered, where facilites are available, at an additional monthly charge. These can be used with all styles of rotary dial and Touch Call Telephones. Check with your business office to see if Custom Calling is available in your area.

Call Waiting

By means of a tone signal a customer using his telephone is alerted when another caller is trying to reach that number. This permits the customer to put the first call on hold in order to answer the second call. A customer can be placed on hold with any telephone by depressing the switchhook for the count of "one" (too fast will not accept the transfer, too long will indicate disconnect) and then speaking to the new caller. To regain access to the original caller, depress the switchhook for a count of "one" and the original caller will return to the line. A customer can alternate between calls by depressing the switchhook for a count of "one".

Call Forwarding

Call Forwarding allows incoming calls to be forwarded automatically when you are away from your home or business phone. Outgoing calls are not disrupted when the system is in use. A short ring will indicate a call is being forwarded through your telephone. (Only the normal dial tone will be heard if the receiver is picked up.)

Both incoming local and long distance calls may be referred to any number. Customers utilizing this feature will be responsible for each toll call between his call forwarding station and the distant telephone number to which the calls are being transferred.

Call Forwarding is easy to use. To activate the system:

1. Pick up the receiver, listen for dial tone and then dial "72".

2. Obtain a second dial tone. (The "#" button is depressed for Touch-Call telephones, the dial tone will return after 3 to 5 seconds.)

3. Simply dial the number where you can be reached. (Short beeps will then indicate the "Call-To" number is valid.)

When the "Call To" number is answered, the system will be operative. (If the number is busy, or there is no answer, immediately repeat steps 1, 2 and 3. The system will then automatically be operative.)

When you return, deactivate the system by first dialing "73" and depressing the Touch-Call "#" button (or waiting 3 to 5 seconds). A confirmation tone followed by a regular dial tone will indicate the Call Forwarding system is clear.

Call Forwarding (Continued)

NOTE: Clarksville and Salus customers will receive a confirmation tone which will indicate the call forwarding system is clear.

Three-Way Calling

This enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation. The transmission may vary depending on the distance and routing necessary; and therefore, transmission quality may also vary in some cases. In Three Way Calling, to access the third party onto your present conversation, depress the switchhook for the count of "one," dial the third party's number, wait for an answer, explain they will be on a Three-Way Call, ask them to hold, depress the switchhook again and all three parties will be on together.

Speed Calling

Speed Calling saves you time in placing frequently called local or long distance numbers.

"One-Digit Speed Dialing" Allows you to call any of 8 numbers by dialing a single digit (2 through 9).

"Two-Digit Speed Dialing" Allows you to call any of 30 numbers by dialing two digits (20 through 49).

Frequently called numbers are likewise entered (or changed) with ease.

1. Pick up the receiver. Listen for dial tone and then dial: "74" to add or change a one-digit code, or "75" to add or change a two-digit code.

* NOTE: Clarksville and Salus customers dial "74" to add or change a one or two-digit code.

2. Obtain a second dial tone. (The "#" button is depressed for Touch-Call telephones. For other telephones the dial tone will return after 3 to 5 seconds.)

3. Dial the one-or two-digit code, followed by the local or long distance number you want associated with it. Then jot down the numbers for your record.

A confirmation tone will indicate the numbers are now into facilities and the Speed Calling feature is ready for use.

- **REMEMBER:** For Call Forwarding or Speed Calling long distance numbers, the "1" must be included.

QUESTIONS ABOUT YOUR BILL

Your Telephone Bill

Continental Telephone Company of Arkansas will issue a bill not less than every 28 days nor more than 31 days (except for number changes), outlining your toll calls, local service charges and federal, state and local taxes. Payment will be due upon receipt, and will become delinquent 16 days after mailing. In the event your bill becomes delinquent, a five day notice will be sent before disconnecting your service. There will be a charge to restore service if your service is disconnected.

Under our billing procedures and subject to rules established by the Arkansas Public Service Commission, we may require a deposit or guarantee of payment.

In the event your bill becomes delinquent and it is necessary for a member of your household to obtain emergency medical assistance requiring the continuance of your telephone service, please call the service office listed on your monthly telephone bill, and arrangements can be made to avoid disconnection for a limited period or during an extended absence from your home.

Paying by mail

The easiest way to pay your bill is by mail. A return payment page and envelope are included in your monthly bill for use when paying by mail. Please include this page with your payment and note your telephone number on your check. If the return envelope is not available, address your payment to:

Accounting Center
P.O. Box 222
Wentzville, MO 63385

By including the payment page with your payment, you help us speed handling of your bill and help make sure your payment is properly credited to your account.

When payment is made in person, please present the complete bill.

You can pay your bill at:

Russellville Business Office
3305 W Main Place
8:30 AM–4:30 PM (Monday–Friday)

Delinquent Bills Must Be Sent To:

Continental Telephone Company of Arkansas
3305 W Main Pl.
Russellville, Ar. 72801

How is my bill date determined?

Your billing date is the same date each month. This date is shown on your bill.

How am I billed?

Charges for your local service and equipment are billed one-month in advance. Long distance calls and telegrams are billed for the month prior to your current bill date. Charges for installing or changing equipment usually appear on the first bill you receive after your order is completed.

What should I do about questions or mistakes on my bill?

Call the Business Office. Your Service Representative can answer all questions regarding your bill and investigate any possible errors. The Business Office number appears on the first page of your bill.

When must the bill be paid?

The date by which payment for current charges is due is printed on your bill. By paying your bill on or before the date on your bill, you can be sure of maintaining a good payment record. When making your payment, allow five days for receipt and processing.

Prompt payment means good credit

Your credit rating with the Telephone Company is determined by your promptness in paying your telephone bill. In order to ensure a good credit rating we should receive your payment at the Telephone Company by the payment date shown on your bill. We keep information regarding your telephone credit rating strictly confidential and do not share it with any other business or industry.

What happens if I can't pay my bill on time?

If you can't pay by the date your bill is due, call your Service Representative. We will try to make suitable payment arrangements.

How can I have service restored if it has been disconnected for non-payment?

All charges billed for service must be paid before your service can be reconnected. When service is disconnected for non-payment of the bill we may require a security deposit before reconnecting your service.

DOING BUSINESS WITH CONTEL

Things You Should Know

Telephone Company provided instruments and equipment remain the property of the company and may be removed at any time for failure to comply with company rules and for non-payment of bills.

Service will be installed at a location mutually agreed upon by the Company and the customer subject to the established service connection charge.

Bills are due upon receipt and become delinquent after date shown on bill.

Customers are responsible for the payment of all toll messages originating at their telephone.

No attachments of any kind may be made to poles or wires without approval of the Company.

The Telephone Company assumes no liability for suspension of service caused by accident, weather or other causes.

If service is interrupted for more than 24 hours other than by the negligence or willful act of the customer, an allowance at the minimum rate for the telephone facilities and class of service affected at the time of the interruption shall be made for the time such interruption continues, after notice and demand to the Company. No other liability shall in any case attach to the Company on account of interruptions of service.

The Company will use every effort to avoid changes of the customer's number, but reserves the right whenever it becomes necessary in the conduct of business to change the customer's telephone number.

No binder, holder or auxiliary cover of any advertising nature shall be used in connection with this telephone directory.

Fraud

The fraudulent use of a telephone Calling Card, telephone billing number or device to obtain telephone service for the purpose of avoiding charges, or the manufacture, sale or possession of such a device, or any attempt to defraud the telephone company of its lawful charges, are, under Arkansas state laws and Federal laws, punishable by fine and/or imprisonment.

If You Have A Complaint

If you have a complaint about telephone rates and/or service, we encourage you to speak to a service representative in our service center. If the problem is not resolved, you may ask to speak with the Customer Service manager by dialing **1 + 968-0115 (Toll Free).** Our service office is open from 8:30 a.m. to 4:30 p.m. Monday through Friday (except holidays) for handling inquiries by telephone. The telephone number for each exchange is listed in the front of this directory.

If You Lose Your Calling Card

If a telephone Calling Card is lost or stolen, or if you suspect unauthorized use is being made of your Calling Card number, report the problem immediately to your service office or by dialing **800-CALLATT.**

Statement Of Non-Discrimination

Continental Telephone Company has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250 or this organization, or all, a written complaint. Such complaint must be filed no later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

EMERGENCY CALLS ON PARTY LINES: State Law provides that any person shall be guilty of a misdemeanor "who fails to relinquish a telephone party line after he has been requested to do so to permit another to place an emergency call," or "who requests another to relinquish a telephone party line on the pretext that he must place an emergency call, knowing such pretext to be false." The law defines an "emergency call" as "a call to report a fire or summon police, or for medical aid or ambulance service, in a situation where human life or property are in jeopardy and the summoning of aid is essential."

ANNOYANCE AND ANONYMOUS CALLS: State Law provides that "Any person who, without intent to converse but with intent to annoy any other person, causes any telephone not of his own to ring shall be guilty of a misdemeanor. Any person who permits or condones the use of any telephone under his control for such purpose also shall be guilty of a misdemeanor."

The laws of the State also provide that "If any person shall curse or abuse anyone, or use vulgar, profane, threatening or indecent language over any telephone in this State, he shall be guilty of a misdemeanor."

DOING BUSINESS WITH CONTEL

Tips to save you money, time and worry

Protect your Calling Card

Take care not to lose your Calling Card or divulge your billing number. Although it is against the law to defraud the telephone company, it still happens. Be certain to check your long distance bill and alert us promptly if there are any unlikely charges.

Take your phone book with you when you move

It'll save you lots of time when you want to call back to friends or business associates you left behind—you'll already have their numbers and won't have to waste time calling for long distance Directory Assistance.

Teach children emergency tips

If you have children, teach them how to use a telephone in emergencies. They should know how to call their home phone number and the operator. Use a toy phone for practice, or hold down the button on your regular home telephone while the children practice dialing.

Hang up carefully

Be certain to replace the handset properly on the telephone after each call is completed. If your phone is slightly ajar and off the hook, it will stop calls from reaching you.

Don't Pay for Wrong Numbers.

If you reach a wrong long distance number, we don't want you to pay for it. Let the operator know the incorrect number you reached right away so you won't be charged for the call. If you are calling from a pay telephone, we'll mail you a refund. Should the charge appear in error, call your business office for an adjustment.

Install everything at once

Every time you have service installed or changed, certain one-time charges apply. Save money by having all installation work done at one time.

Look in the book

You can avoid Directory Assistance charges by looking up your own numbers in the directory. Underline or circle them so they will be easy to find again. Jot down frequently called numbers and keep them next to your telephone.

Telephone safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone to report a gas leak

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

Use of the telephone near water

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

Use of the telephone during an electrical storm

You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. Although Contel System uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

For your protection

Our employees carry company identification cards

For your safety every Contel employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

Vacation Rates.

If you are going away for more than 30 days, you may save money by temporarily suspending your telephone service. The vacation service rate is lower than most regular rates. Check with your local business office to see if this plan is available in your area. It may save you money!

DIRECTORY ASSISTANCE

How to call Directory Assistance

For local numbers dial:

1411

For numbers within your home area code dial:

1 + 555-1212

For numbers outside your home area code dial:

1 + Area Code
+ 555-1212

For the telephone numbers of businesses and people who have "800" numbers dial:

1 + 800 + 555-1212

Directory Assistance Charges

In some states you may be charged for calls to local directory assistance. You can avoid directory assistance charges by looking up numbers in the telephone directory and by jotting down frequently called numbers. On those occasions when you do have to call directory assistance, provide the operator with complete information: full names, accurate spelling and exact addresses. Blind and physically disabled persons may apply for an exemption from directory assistance charges.

When you find it necessary to call long distance directory assistance you will be charged 60 cents per call. The charge for your first two directory assistance calls will be waived if you make two AT&T long distance calls in the same billing period.

To help you avoid directory assistance charges, Contel furnishes one local telephone directory for each telephone line. Additional directories can be obtained from your business office.

Tips To Help You Save On Charges To Directory Assistance

1. Write down the numbers you call frequently—either in the directory or on a bulletin board near the phone.
2. Underline the listing in the directory; it will make the number easier to spot next time you need it.
3. The Yellow Page listings of restaurants, theaters, department stores, government agencies, and other frequently used services can help you locate numbers when you are unsure of the name, location or spelling of a specific service or business establishment.
4. When it is necessary to call Directory Assistance, providing complete information—exact location, accurate spelling and full names—helps the operator to provide you with the desired telephone number.
5. If you make frequent long distance calls to another area, you may obtain a directory for that area by contacting the Business Office (a charge may apply). Additional copies of your local book are also available through the Business Office.
6. If you need two numbers, request them both at the same time, and save a second call to Directory Assistance.

PERSON-TO-PERSON—COLLECT CALLING CARD AND THIRD NUMBER CHARGE CALLS

0 +

within area code 501
dial 0 + number

outside area code 501
dial 0 + area code + number

After dialing the number wait for the special tone and proceed as follows:

For person to person and collect calls—Approximately seven seconds after the tone is heard, an operator will automatically come on your line to assist you with the call.

For Calling Card Calls—If calling from a touch-tone telephone, dial your calling card number after the special tone. Your call is then verified and completed. If calling from a rotary dial telephone, please wait approximately seven seconds. An operator will automatically come on your line to obtain your calling card number.

IF YOU SHOULD GET A POOR CONNECTION OR BE CUT OFF

Inform the Operator immediately. A good connection will be established and you will be charged only for the time you've been able to talk and hear satisfactorily.

If you need assistance dial OPERATOR "0" zero

IF YOU REACH A WRONG NUMBER

Dial OPERATOR immediately and advise what city and number you reached so you will not be billed for the call.

You will not be charged
If you hang up before you dial the complete number. If the telephone number you dial is busy or does not answer.

LONG DISTANCE CALLING

TYPES OF LONG DISTANCE CALLS

THREE BASIC KINDS OF LONG DISTANCE CALLS

Customer Dialed, Station-to-Station Call is the least expensive type of call. If the customer dials the call direct without "OPERATOR" assistance, the customer is charged at the lowest rate.

An operator-assisted Station-to-Station Call requires "OPERATOR" assistance for completion. The customer will talk with anyone who answers, but needs an "OPERATOR'S" aid to reach the number or for other reasons. Examples of such calls are coin, collect and calling card calls; calls billed to third number; special billing numbers, hotel/motel, time and charges and sequence calls.

Person-to-Person Call, the most expensive type of call for those occasions when the customer wishes to speak directly to a particular person, telephone, department or office reached through a customer's switchboard (PBX).

STATION-TO-STATION

Call station-to-station if you wish to talk with anyone who answers (This includes answering machines.) Rates for calls that you dial yourself are lower than for calls dialed by the operator. Charging begins when the called telephone is answered.

PERSON-TO-PERSON

Call person-to-person when you wish to talk to a particular person or extension number. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station and also apply when you talk to an alternate person or extension. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call. A special charge will be made for this type of call.

COLLECT

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call.

TELEPHONE CALLING CARD

Customers who have telephone calling cards may place calls and charge them to their card number. These calls may require "OPERATOR" assistance to record the calling card number and may be station-to-station or person-to-person. Customers may apply for a calling card by contacting their local business office.

BILL TO THIRD NUMBER

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person. If you have a frequent need to charge calls to another number, it would be less costly to use a Telephone Calling Card.

COIN CALLS

From coin phones, see instruction card on or near the phone, or dial "OPERATOR"

"800" SERVICE

Station-to-station long distance calls may be made without charge to you, to those customers who have a wide area telecommunications service. Dial "1" plus Area Code "800" plus the special number of customers having this service.

OVERSEAS CALLS

You can call practically every telephone in the world from your telephone. Refer to page 20 for instruction and codes.

TIME AND CHARGES

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the cost associated with the call. This service requires "OPERATOR" assistance and the call may be either station-to-station or person-to-person.

RATE STRUCTURE

Rates for all types of calls are based on distance, time of day that you make the call, and length of conversation.

LONG DISTANCE CALLING

LONG DISTANCE RATES

Lowest rate— dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance.

Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls, you pay only for the minutes you talk. The initial rate period is one minute any time of day or night.

Dial-direct	■	▨	☐
	Full (weekday) rates	Lower (evening) rates	Lowest (night & weekend) rates

Holiday rates

On New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day. On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights & weekends). A federal tax applies to all charges.

Higher rates— Calling Card and operator-assisted one-minute rates

Calling Card calls cost more than dial-direct, but less than operator-assisted calls. Operator-assisted calls are those requiring the assistance of an operator to complete the call.

The initial period for all Calling Card and operator-assisted calls is one minute. The initial period is charged at dial-direct rates plus a service charge.

Additional minutes are charged at dial-direct rates. Discounts do not apply to service charges.

AREA CODES AND TIME ZONES

Arkansas Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

The Area Code of the telephone you are calling should be dialed, or given to the operator, if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code—it might be needed to place a call to you.

Consult Area Code list on the following pages for specific cities not indicated on these maps.

If you want the Area Codes for a place not listed, dial the operator.

INTERNATIONAL DIRECT DIALING

Dialing instructions

You can dial many international calls direct

Station-to-station calls

To dial international calls, dial in sequence:
1. The International Access Code—011
2. The Country Code
3. The City Codes
4. The local telephone number

For example:

To place a call to Berlin, Germany, dial:

International Access Code		Country Code		City Codes
011	+	49	+	30

+ Local telephone number

Operator-assisted calls

To dial person-to-person, collect, calling card and billed to a third number international calls, follow the instructions given above but use **"01"** for the International Access Code. After the call is dialed, the operator will come on the line to ask for information such as the name of the person you are calling or your calling card number.

After dialing any international call, allow at least 45 seconds for the ring to start.

Additional assistance or information

Dial "0" (operator) if you need assistance:
1. To obtain a telephone number you don't know.
2. To obtain City Codes not listed in this section.
3. For help in completing a call.
4. For credit on a call on which you had difficulty, e.g., reached a wrong number.

To call the Bahamas, Bermuda, Canada, Puerto Rico and the Virgin Islands.

Calls to these points can be dialed in the same way as long distance calls within the United States. Simply dial **"1"** plus the appropriate Area Code and the local number.

To call Mexico

Most locations in Mexico can be reached by using the International dialing (011 +) instructions.

If you cannot use International dialing from your telephone, some Mexican cities can be dialed using special access codes with City Codes. (See following list for some City Codes).

Mexico City dial:
1 + 90 + 5 (the City Code)
+ local number

Northwest Mexico dial:
1 + 70 + City Code (2 or 3
digits beginning with "6")
+ local number

Reduced night and weekend rates apply on calls to some, but not all, countries. For rates on calls to international points and information on lower night and weekend rates, please call the operator.

Codes for some countries and cities

Numbers beside countries are "Country Codes." Numbers beside cities are "City Codes." For all other international points not listed in this section, dial **"0"** and tell the operator the country you are calling.

EMERGENCY INFORMATION

HOW WILL I KNOW ABOUT AN EMERGENCY?

You will hear a steady siren signal lasting about 3 minutes. If you have an E.B.S. tone alert radio, it will be activated. STAY CALM. When you hear the sirens, listen to one of these local radio stations for information:

KARV	610	AM	Russellville
KAIO	101.7	FM	Russellville
KCAB	980	AM	Dardanelle
KWKK	102.3	FM	Dardanelle
KLYR	1360	AM	Clarksville
KLYR	92.7	FM	Clarksville
KCCL	1460	AM	Paris

WHAT ABOUT AN EVACUATION?

Look on page 22 and find out which care center you would go to and how you would get there. If an evacuation begins, don't rush, you'll have time. When you leave home, tie a white cloth to the front door so officials will know you have gone. As you leave the area, tell a neighbor about the evacuation. They may not know about the emergency and may need a ride to a care center. You may need to stay at the center for 2 or 3 days. This will depend on conditions at the plant. Listen to the radio for current information.

WHERE ARE THE CARE CENTERS?

Morrilton	Morrilton H.S. Morrilton Intermediate North Side Elementary Reynolds Elementary Petit Jean Vo-Tech
Menifee	East Side Elementary
Plummerville	Plummerville H.S.
St. Vincent	Wonderview H.S.
Center Ridge	Nemo Vista H.S.
Hector	Hector H.S.
Clarksville	Clarksville H.S.
Paris	Paris H.S.
Danville	Danville H.S.

WHAT SHALL I TAKE?

—change of clothing
—towels and washcloths
—personal identification
—soap and shaving equipment
—flashlight and batteries
—blankets and pillows
—sanitary supplies
—medications
—baby supplies
—portable radio

WHAT ABOUT THE SCHOOLS?

Schools will be notified before the general public and students will be taken to a care center. Parents should not attempt to pick up their children at the schools since this will create a traffic problem. Once children are registered at the care center they may leave with a parent or legal guardian. If it is necessary, students will be monitored for radiation contamination.

NEED SPECIAL HELP?

—hard of hearing
—can't hear a siren
—need a ride to a care center
—need special notification
—handicapped some way

If one of these applies to you, fill out a "SPECIAL NEEDS FORM". If you don't have one, contact:

SEVERE WEATHER PROTECTION...

The siren system around Arkansas Nuclear One can be used to alert the public of severe weather. This can be done by local officials if they feel it is necessary. During a storm, stay away from windows, doors, and outside walls. Go to the basement or interior of house. You may want to get under something sturdy and cover your head. If you're in a mobile home or a car, it is safer to leave and find a sturdier structure. If no shelter is available, then lie flat in a ditch or ravine and cover your head.

WHAT ABOUT MY LIVESTOCK?

A free pamphlet is available from Nuclear Planning and Response. Call 968-7171.

A color coded map has been mailed to everyone living within the ten miles of Arkansas Nuclear One. If you did not receive one contact the Nuclear Planning and Response Office or your local county judge's office.

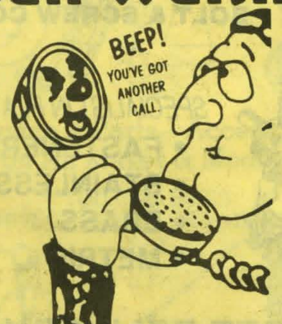
Call Waiting



BEEP!
YOU'VE GOT ANOTHER CALL.

Call Waiting alerts you to an incoming call when you're on the phone.

This means your teenager--or you--can have that long conversation, even when you are expecting another important call.

Call Waiting is like having two lines in one. You won't miss important calls...or have to avoid the phone when you're expecting them.

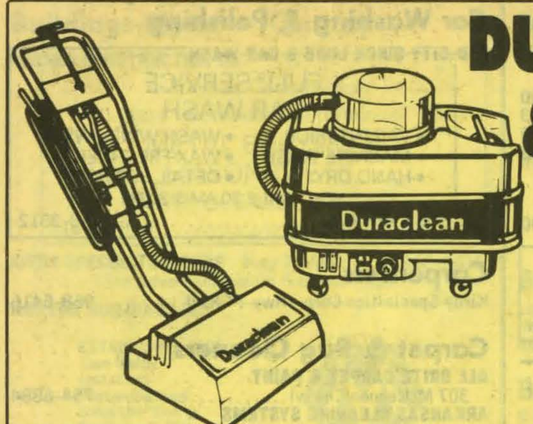
Searching For The Right Service?

There's no need to start a major hunt.

Just look in the Yellow Pages.

There, businesses and services are listed by type.

For big game or little trinkets, for baggage carriers to animal care, the Yellow Pages will guide you.



DURACLEAN CARPET, FURNITURE & DRAPERY CLEANING

When furnishings are scrubbed 'steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to resoil the surface.

Let us also tell you... about our new, Exclusive Extractovator Process
- Latest technology for cleaning large carpet areas without damage caused by over-wetting
- Safe, mechanical foam extraction of deeply-embedded soil

When **Duracleaned,**
soil comes *OUT*

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

No soaking or scrubbing. Dull colors revive...pile rises...fabrics enliven.

7 ON-LOCATION SERVICES include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

REFUND OR REPLACEMENT GUARANTEED TO CONSUMER BY PARENTS' MAGAZINE IF PRODUCT OR PERFORMANCE IS DEFECTIVE & REPORTED WITHIN 30 DAYS OF PURCHASE

Our Insurance Policy

If you have qualifying health insurance that covers chiropractic care and if you are accepted as a patient...we will accept whatever your plan pays as a payment in full! You don't even have to pay your deductible or co-payment (up to $100.00 deductible & 20% co-payment) because we are willing to assume them. This means treatment at Davis Chiropractic Office won't cost you anything out of your pocket.

Our insurance administrator will be happy to assist you in finding out your coverage.

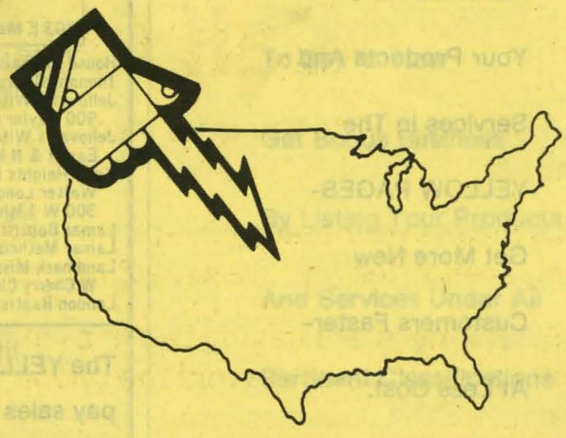
Direct-Distance Dialing



Direct dialing puts your long-distance friend at your side. By not using the operator, you reach your pal directly. And, you save money in the process.

Direct Distance Dialing is faster, easier, and more personal.

See this directory's introductory pages for instructions on Direct Distance Dialing. It's as easy as dialing your next-door neighbor.

Call Waiting

Call Waiting alerts you to an incoming call when you're on the phone.

This means your teenager—or you—can have that long conversation, even when you are expecting another important call.

Call Waiting is like having two lines in one. You won't miss important calls...or have to avoid the phone when you're expecting them.

BEEP!
YOU'VE GOT ANOTHER CALL.

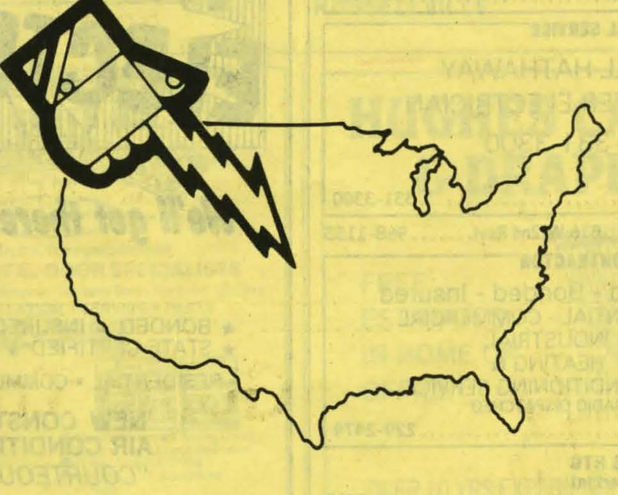
Direct-Distance Dialing



Direct dialing puts your long-distance friend at your side. By not using the operator, you reach your pal directly. And, you save money in the process.

Direct Distance Dialing is faster, easier, and more personal.

See this directory's introductory pages for instructions on Direct Distance Dialing. It's as easy as dialing your next-door neighbor.

Direct Distance Dialing

Direct dialing puts your long-distance friend at your side. By not using the operator, you reach your pal directly. And, you save money in the process.

Direct Distance Dialing is faster, easier, and more personal.

See this directory's introductory pages for instructions on Direct Distance Dialing. It's as easy as dialing your next-door neighbor.

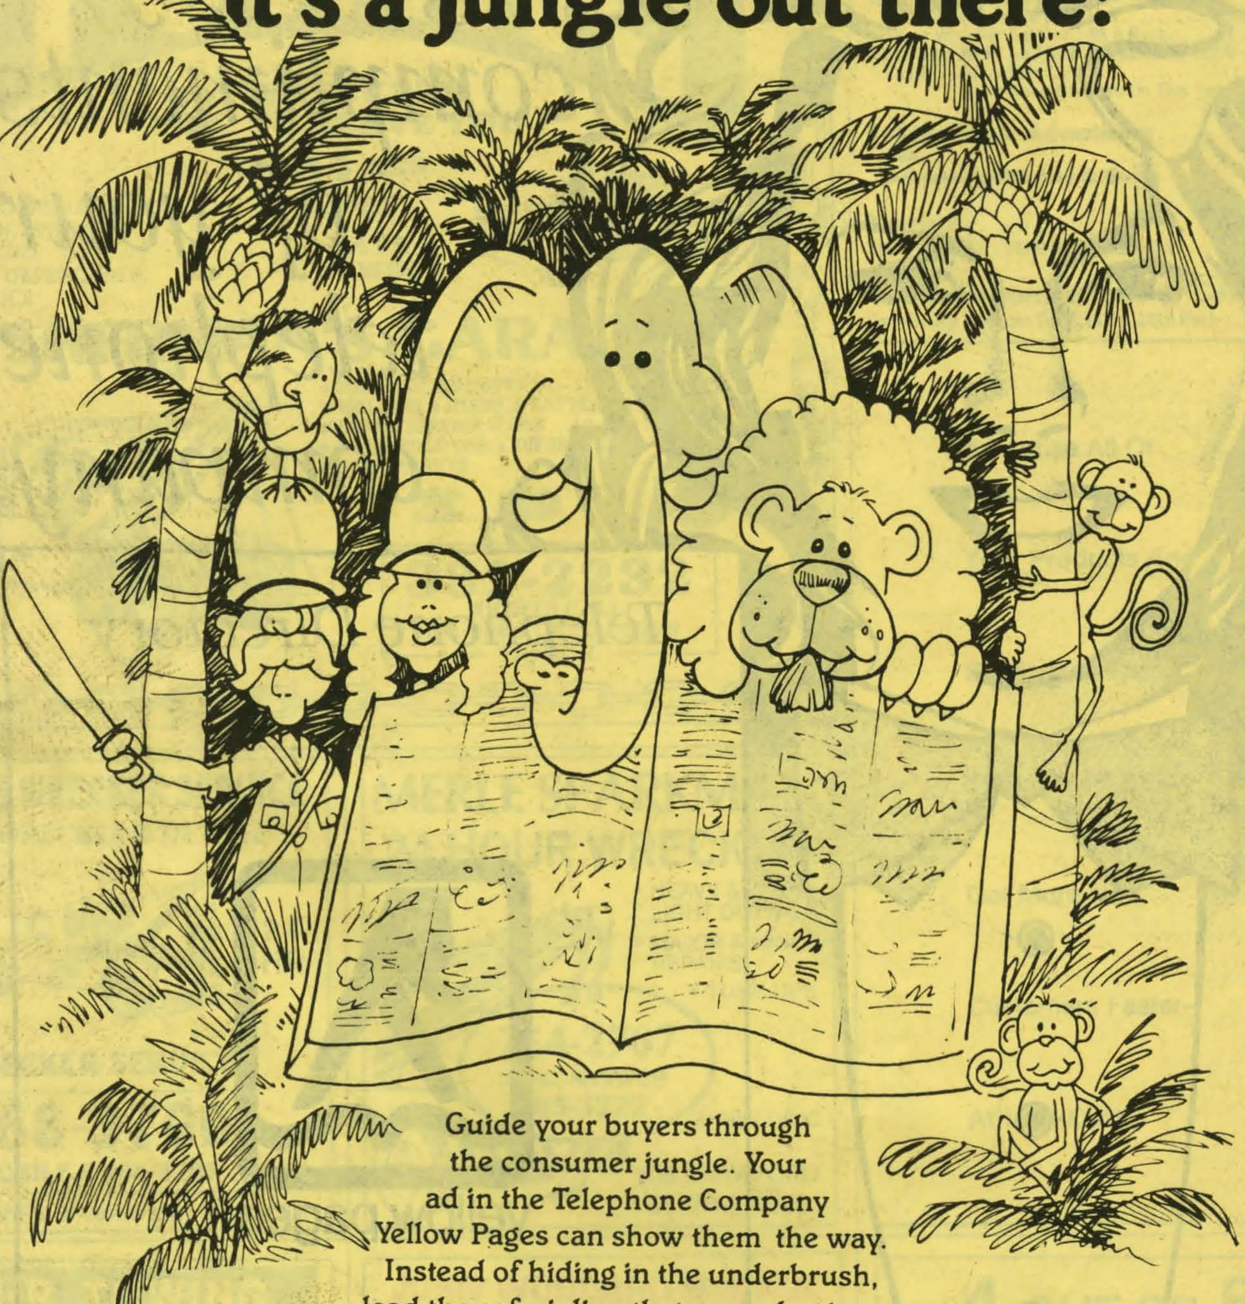
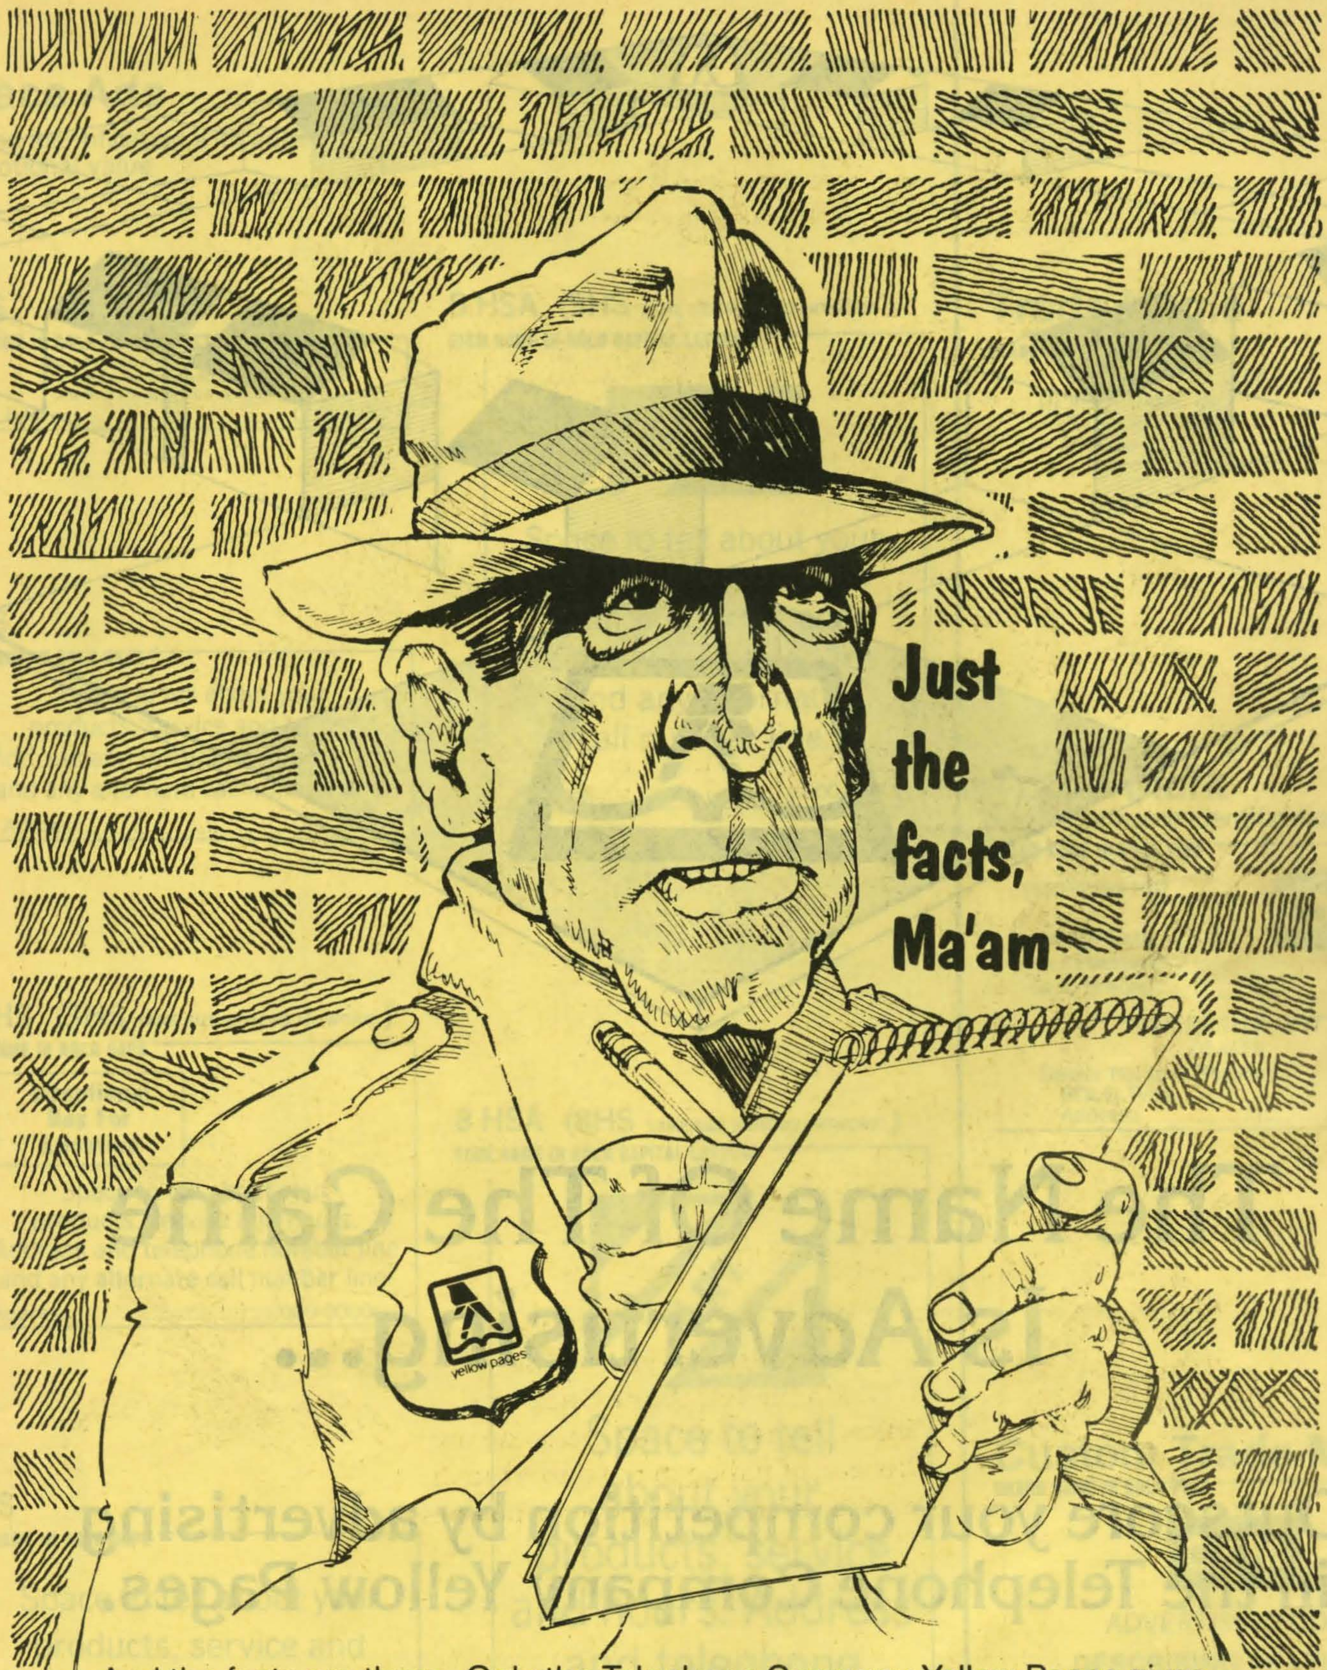
Telephone Directory
yellow pages

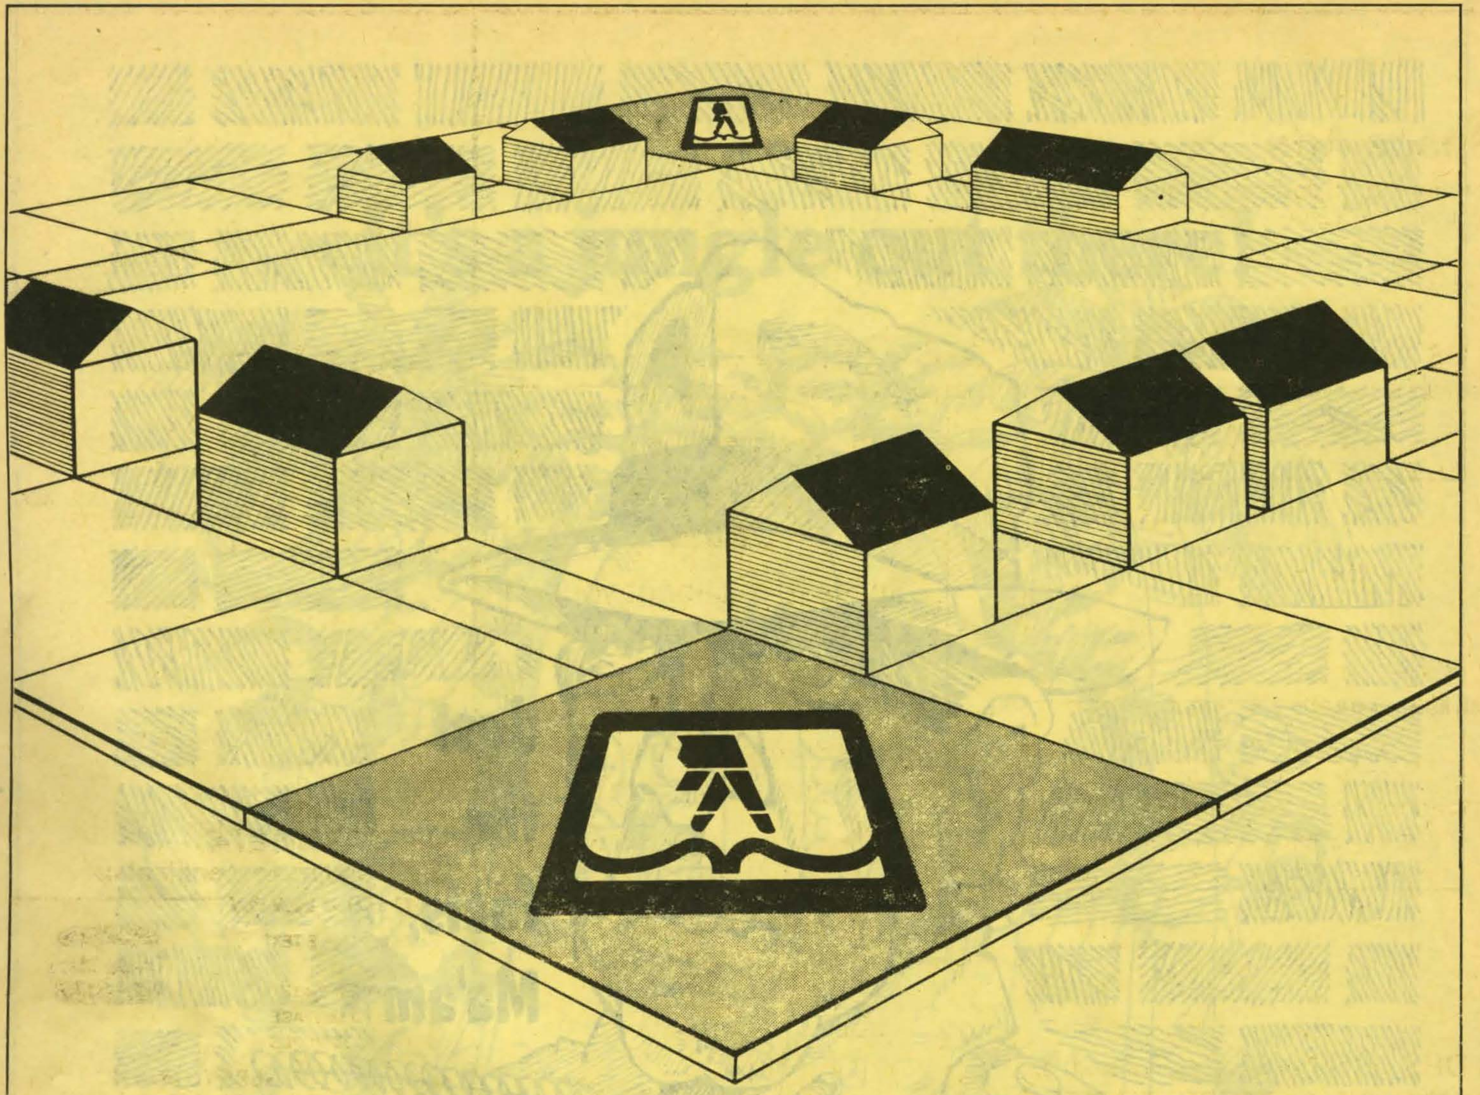
It's a jungle out there!



Guide your buyers through the consumer jungle. Your ad in the Telephone Company Yellow Pages can show them the way. Instead of hiding in the underbrush, lead the safari directly to your business.



And the facts are these. Only the Telephone Company Yellow Pages gives you so much exposure for so little investment. 9 out of 10 adults shop the Telephone Company Yellow Pages way. And almost 90% of these people follow up with action. Telephone Company Yellow Pages is the best advertising medium to reach people when they are ready to buy. And that's a fact.



The Name Of The Game Is Advertising...

Outscore your competition by advertising in the Telephone Company Yellow Pages.

We've got a winning reputation.

DAVIS
CHIROPRACTIC

Our Insurance Policy

If you have qualifying health insurance that covers chiropractic care and if you are accepted as a patient...we will accept whatever your plan pays as payment in full! You don't even have to pay your deductible or co-payment because we are willing to assume them. This means treatment at Davis Chiropractic Office won't cost you anything out of your pocket.

Our insurance administrator will be happy to assist you in finding out your coverage.
